

Dear Body

Cherub

Dear Body,
Sorry for last night
I don't know what I did, just wasn't right
But, Body,
You're all that I have
Dear Body,
Don't fail me now, even if our mind is in the clouds
'Cause Body,
You're my only friend

Everyday brings a new tomorrow
I just wanna feel alive
Tilt my head back and drink a bottle
Close my eyes, yeah
Everyday is a new tomorrow,
I don't want to say goodbye
Give a damn about all my sorrows
Let's get high, yeah

Everything is gonna be alright

Dear Body,
I can't feel my legs, I think all those drugs I took were on mi
stake
But Body,
Make it through the day
Dear Body,
I still can't see straight, promise if I go to sleep I will awa
ke
'Cause Body...

Everyday brings a new tomorrow
I just wanna feel alive
Tilt my head back and drink a bottle
Close my eyes, yeah
Everyday is a new tomorrow,
I don't want to say goodbye
Give a damn about all my sorrows
Let's get high, yeah
