

Disco Inferno

Cherub

They say this park is meant for lovers
So let's go and love each other
Forget all about the world we know, for a day
And forget all about these blood clot fucks on our case

They say this park is meant for brothers
So let's go take some drugs and hover
Forget all about the world we know, for a day
And be brothers
Come home and thank mother
Oh oh oh oh oh

You gotta get away sometimes

You gotta get away sometimes

You gotta get away sometimes...
