

# Going Nowhere

Cherub

What a perfect day to shoot the shit with your boy, eh  
It's been a while  
Life's been a chore, uh-uh-uh, yeah  
Why don't you leave all your problems back at yours? Yeah yeah  
And float away with me  
In search for more, hey hey

Don't stop, listen to the rhythm of  
My heart beatin' to the kick drum  
Your tongue twisted like it's too much  
Stay up 'cause we ain't goin' nowhere  
Don't stop, listen to the rhythm of  
My heart beatin' to the kick drum  
Your tongue twisted like it's too much

Everybody wants a distraction  
I just wanna be the distraction  
To make you mine, yeah yeah yeah  
All of the time, oh  
Let's go to a place where there's nothin'  
No one to bother us  
Yeah, we can be alone, eh eh  
Build a happy home, eh eh yeah, uh uh

Don't stop, listen to the rhythm of  
My heart beatin' to the kick drum  
Your tongue twisted like it's too much  
Stay up 'cause we ain't goin' nowhere  
Don't stop, listen to the rhythm of  
My heart beatin' to the kick drum  
Your tongue twisted like it's too much  
Stay up 'cause we ain't goin' nowhere

Don't stop, listen to the rhythm of  
My heart beatin' to the kick drum  
Your tongue twisted like it's too much  
Stay up 'cause we ain't goin' nowhere  
Don't stop, listen to the rhythm of  
My heart beatin' to the kick drum  
Your tongue twisted like it's too much  
Stay up 'cause we ain't goin' nowhere

Don't stop, listen to the rhythm of  
My heart beatin' to the kick drum  
Your tongue twisted like it's too much  
Stay up 'cause we ain't goin' nowhere
