

Lifesaver

Cherub

I know you wanna make up for last time
I'll let you know when it's alright
I know you feel like you've fallen behind
But you've been right by my side

(Ooo) I bet you think you're doin' a favor
(Ohhh) I bet you think that you're my lifesaver
I just want to let you know
I'm glad to finally see you go

This is how you know
When you're feelin' out of place
When your palms are sweaty
And don't know what to say
Think that they're all judging
But feel the same way
They just want to be free
So open up their cage
And do 'em a favor
(Yeah aye oh tell 'em, tell 'em, tell 'em)
You can thank me later
(Ohhh oh aye aye tell 'em, tell 'em, tell 'em)

(Ohh) I bet you think you're doin' a favor
(Ohhh) I bet you think that you're my lifesaver
I just want to let you know
I'm glad to finally see you go

I know you think you're doin' me a favor
Glad to finally see you go
You think you're doin' me a favor
Everyone's glad to see you go

(Ooo) I bet you think you're doin' a favor
(Ohhh) I bet you think that you're my lifesaver
I just want to let you know
I'm glad to finally see you go
