

## Lost

Cherub

Yea I take my time and I never fake it  
When you're on my mind I can never shake it  
I want you  
To break through  
So we can get lost  
So we can get lost  
So we can get

Yea I'm focused on your eyes  
And you're focused on mine  
Got me feelin' high  
Seeing all the signs  
That make me want you  
That make me want you  
So we can get lost  
So we can get lost  
So we can get lost  
So we can get lost

Yea I take my time and I never fake it  
When you're on my mind I can never shake it  
I want you  
I want you  
So we can get lost  
So we can get

So we can get...
