

# Monogamy

Cherub

Babygirl, you're my babygirl  
And don't ever forget that shit  
Big world, it's a big big world  
The last thing I can do is commit

Diamond rings, and fancy things  
The stars don't shine as bright as this  
Shallow thoughts, and empty hearts  
How can you find the right fit?  
You just can't, you just can't, so

Monogamy is not for me  
I wanna do whatever I please  
Dirty deeds, and sinful things  
Get down on your hands and knees

Baby, baby, I want this to work  
But maybe it's the wrong approach?  
You've been held down, been missing the ball  
Love ain't what you want the most

Random ass, with some brew, and some gags  
Girl let's get emotional  
I find it hard to believe that you want something more than phy  
sical  
So listen, baby, yeah  
'Cause I believe...

Monogamy is not for me  
I wanna do whatever I please  
Dirty deeds, and sinful things  
Get down on your hands and knees

Monogamy is not for me  
I wanna do whatever I please  
Dirty deeds, and sinful things  
Get down on your hands and knees
