

## My Time...

**Cherub**

Wasted again  
Without my friends  
I want this to end  
I just want to spend my time with  
My time with you, you  
My time with you, you  
(Ride on, ride on)  
My time with you, you  
(So ride on, ride on, ooh)  
My time with you, you  
(So run on, run on)

Yeah, yeah...
