

Off With Yer Head

Cherub

Yeah, you wanna be bad, but
I wanna be strong for you
When the shit hits the fan, man
What the fuck you think you gonna do?

We're not synced up
Shut up, shut up
We're not synced up, yeah
We're not synced up
Shut up, shut up
You talk too much, yeah

Off with yer head, now
Off with yer head, now

Yeah, a whole lotta blaming
Never will expose the truth
When you point your finger at me
Three are pointing back at you

We're not synced up
Shut up, shut up
We're not synced up, yeah
We're not synced up
Shut up, shut up
You talk too much, yeah

Off with yer head, now
Off with yer head, now

We're not synced up
Shut up, shut up
We're not synced up, yeah
We're not synced up
Shut up, shut up
You talk too much, yeah

Off with yer head, now
Off with yer head
Off with yer head, now
Off with yer head
(Off with yer head, now
Off with yer head
Off with yer head, now
Off with yer head, now)
