

# Seasons Change

Cherub

I'm thinking all the time  
How I can't live without it  
Your touch and smell got my mind steady runnin wild  
I can't deny it  
What you providin'  
Got me all warm inside  
Making me forget the time  
Just let me take you out  
We'll cruise the whole town  
In the land of smiles  
Options are limitless  
But I don't care what we do as long as I'm with you  
I just hope you also feel  
The same as me  
When we spend time  
I hope my love  
Helps you stay high  
Please don't stop  
Cause all of this feels so right - right

How you feelin tonight  
I just wanna vibe you  
Giving you  
All this time  
Feels so fucking right  
Randoms at your party  
Randoms cling to your side  
I'm just here to be alone  
With you with you

How you feelin tonight  
I just wanna vibe you  
Giving you  
All this time  
Feels so fucking right  
Randoms at your party  
Randoms cling to your side  
I'm just here to be alone  
With you with you

I never thought that I'd compete for your attention  
But all the time you give to me is such a blessin'  
Kisses on the cheek that melt away the stressin'  
Seasons change but my love remains the same

It feels like magic  
The way we hold hands  
Like a slow dance  
A true romance  
Give me chills when you look into my eyes  
Givin my stomach all the butterflies

How you feelin tonight  
I just wanna vibe you  
Giving you  
All this time  
Feels so fucking right

Randoms at your party  
Randoms cling to your side  
I'm just here to be alone  
With you with you

How you feelin tonight  
I just wanna vibe you  
Giving you  
All this time  
Feels so fucking right  
Randoms at your party  
Randoms cling to your side  
I'm just here to be alone  
With you with you
