

Simple

Cherub

Eternally on the run, uh
From everyone
Don't wanna live too fast
or die too young, uh huh

But now that I'm buzzed
and soon to be fucked
I just want to live it up, OH
with the ones I love

And simple minds
Lead to simple lives
and, simple lives
make more sense sometimes

Cause I don't want
any stress in mind
That's why I push it out
to the side
to the side

oh, oh ooooooh
