

# Who Knows

Cherub

Last night was the time of my life  
But it's over, uh, uh  
Yeah baby I'm sober  
I musta lost my mind, aye  
It's kinda hard to say it  
But I gotta get my shit and be going  
Yeah, it was fun for the moment, ah  
Now it's about that time, yeah, alright

It's hard to keep me around  
Nobody holdin' me down, down  
I got my head in the clouds  
Yeah, I'm walkin' out that door

Eh eh, eh eh  
Get up and go  
Eh eh, eh eh  
Baby, I'm gone  
Eh eh, eh eh  
We may do this all again  
But who knows? Yeah

Don't try to make this into something it's not, mmh-mmh  
You must've forgot, eh  
That I would be leavin'  
You had to know the kind of thing it would be, mmh-mmh  
Casually  
Don't wear your heart on your sleeve, yeah

It's hard to keep me around  
Nobody holdin' me down, down  
I got my head in the clouds  
Yeah, I'm walkin' out that door

Eh eh, eh eh  
Get up and go  
Eh eh, eh eh  
Baby, I'm gone  
Eh eh, eh eh  
We may do this all again  
But who knows?

We may do this all again  
But who knows? Eh
