

Everyone

Cheryl Cole

Come on people tell me something
You got freedom
I don't know what your waitin' for
I don't even know
You still searching
You won't find it
That because it's been right there this whole time, you know
Were I'm coming from
Yeah
It's a rude awakening wakening
There's no way to escape it
Don't you give a
Turn it all around round round [x2]

Sometimes life's not fair
Don't you let them stop you though
I've been right were you are before
Are before
I've been there before
Don't let no one stop you though
Happiness is for everyone
Everyone is for everyone

Storms keep coming
Rain keeps pouring
Life's a villain
You're the hero your searching for
You've got to save yourself
Yeah
I'm no saint and you're not either
No ones perfect so why we trying to be perfect for
Do we even know
Yeah yeah yeah

Sometimes life's anfair
Don't you let them stop you though
I've been right were you are before
Are before
I've don't let no one stop you though
Happiness is for everyone
Everyone is for everyone

That's right
Blaze in the bottom
I come from the bottom
Under privileged
And overally rottern
I heard the Scotland calls it the screams
So I plant something pretty
To follow my dreams
I put in the what of were did it hurt
I could of got killed I could of got mugged
I was out a lot but I stuck with it
Now summertime came and id be round for a visit
I got to go I got to go home
But you sit there with a deprease on
What with women all pretty with the nitty and gritty

That's the only way your gonna be sitting pretty
You need to aim for the top to reach the top
Yeah I preach a lot but I believe a lot
And if you believe your not
Then I should put a laugh on a lad
Just to get what I want and guess what

Sometimes life's anfair
Don't you let them stop you though
I've been right were you are before
Are before
I've don't let no one stop you though
Happiness is for everyone
Everyone is for everyone
