

# One Thousand

Cheryl Cole

My heart's ablaze with a kind of emotion  
I see his face when I close my eyes  
I speak his name in my sleep  
Cos he's here in my dreams  
Whisperin' softly "I'll stay by your side"  
My heart's a drum  
And my mind is an ocean  
You have my heart  
So wherever I go  
I let you drum by the sea  
Sending ripples through me  
Like a siren you beckon me home

I must have cried a thousand times  
I've heard thousands of your lies  
Walked ten thousand miles for you  
So for the thousandth time don't...  
Don't play with me  
Don't play with me  
Don't play with me no more  
Don't you play with me  
Don't play with me  
Don't play with me no more

You were well disguised and protected  
Cos you wore your mask when we met  
And you never took it off  
No you never took it off  
No you never even knew what it meant  
And I tried to reason and bargain  
(reason and bargain yes I did)  
Even compromised and I begged  
(oh yes I begged oh yes I begged)  
Now I see what you are  
I know what you could be  
But I'll never forget what you've been

I must have cried a thousand times  
I've heard thousands of your lies  
Walked ten thousand miles for you  
So for the thousandth time don't  
Don't play with me  
Don't play with me  
Don't play with me no more  
Don't you play with me  
Don't play with me  
Don't play with me no more

If it's not what you want  
And I'm not what you want  
Then what do you want from me?  
I'm screaming you won  
At the top of my lungs  
So why not be done with me?  
Let it burn, let it burn, let it burn  
Cos boy I don't trust ya  
So it's bitter when I say so

I know I still love ya
