

I wish I could fall in love
Though it only leads to trouble, oh I know it does
Still I'd fool myself and gladly, just to feel I was
In love, in love
I wish I could feel my heartbeat rise
And gaze into some gentle, warm excited eyes
And give myself as truly as an arrow flies
In windless skies

(Chorus)

Oh I remember you in the tv light
Holding you close to me where we lay
And now I wish I knew some of those softer nights
Whispering quietly, feeling you turn to me

Only last night in the winter dark
I dreamed of how you loved, in all your innocence
And I've never known a softer warmer feeling since, or a truer
heart
Maybe these dreams are leading me
Maybe love is not as gentle as my memory
Maybe time and wishful half-
remembered fantasy are the greatest part

(Chorus)

Wish I could feel my heartbeat rise
And gaze into some gentle, warm excited eyes
And give myself as truly as an arrow flies
In windless skies
I wish I could fall in love
Though it only leads to trouble, oh I know it does
Still I'd fool myself and gladly just to feel I was, in love
