

Here Come Floyd

Cheryl Wheeler

Here come Floyd, tally-ho
Out he come, in we go
Dark, dark, dark
Blow, blow, blow
Rain, rain, rain, rain, rain
Florida to Maine

Weather channel satellite
Keep us well informed all night
Like CNN, ABC
And every station on TV

'cause it's a big one, Lord yes
It's a big one I guess
And we are deep in trouble
When all the trees bend double

Howlin' wind, scary sound
Everythin' blow around
Pacing dogs wonder if
We have even noticed this

Do you want to? Well alright
But if we do we'll munch all night
Put pillows in your comfy chair
And hope the outside stays out there
