

# I'm A Man Not A Boy

Chesney Hawkes

You say the word and Ill obey  
Until I feel like I will overload  
You make the rules, you make the rules  
But soon I will be on my own  
Now Im going down my road, yeah  
You better think about it now Im free  
From this moment Im listening just to me

Chorus:

Every day when you treat my like a kid,  
Im not youre not youre little boy  
Im not your little toy  
Every day when you treat my like a kid,  
Im not youre not youre little boy  
Im not your little toy  
Well Im a man and not a boy  
Im a man and not a boy  
Im a man not a boy now

I used to listen to your words, oh  
I thought you knew the best through thick and thin  
But you failed, you have failed  
Just look at the mess youre in  
Cause I made up my own mind  
I started thinkin for myself  
What you taught me, is going back, back on the shelf
