

Daze

Chester Watson

Yo, I been really catching grooves
I been getting smooth, I been in a daze
Always keep my cool, can't be fooled
Gotta see through the haze
I'm all about the music, but I do still gotta get paid
Someday everything gon' change

Okay, everybody riding waves (everybody riding waves)
I'm outside of time and space (I'm outside of time and space)
But it feel like I can't be the one, they let my talent go to waste
Homie, this is real life
Everyone want the fame, they don't want the pain when it don't
feel right

They turn a dull night to a chill night
Hella Nike on me like I'm phil night (like a phil night, like a
phil night)

I been really catching grooves, I been getting smooth
I been in a daze (in a daze, in a daze, in a daze)
I been really catching bruise, I been getting smooth
I been in a daze (in a daze, in a daze, in a daze)
