

Lost in You

Chester Watson

This is for the nights that I stayed up
Money on my mind I can't wait up
Wanna see the bigger picture when I wake up
Shorty hella wavy with the makeup (damn)
Not too superficial but I can be
So this gold on my neck hella anti
And this I Love Ugly suit mad fancy
I'm successful now my exes can't stand me (damn)
Not the best guy but I can be
In the spaceship crash landing
Porcelain geisha wicked like a gem
Shorty said she wanna go camping (damn)
We might go chill by the lake
Or out in the hills in L.A
Or out in Japan couple days
VHS film the whole stay
