Got one hand on the wheel, one hand on my bitch damn
I don't even know if I'ma make it
Got the.30-.30 clip on her clit, kill a pussy nigga, drip, drip
Baby tell me how I'm tastin'

Swear to God we the shit, I ain't playin'
Yeah I'm precious but I'm preachin', living what I'm sayin'
Got the gold chains on just to compliment the teeth
Got a bad little bitch, she like Betty in the streets
But that pussy probably poppin' for the money and the pills
Haters let a motherfucker deal
Runnin' with the pack, I'm in the field
I know you no badass, on the real, keep it real
Now I'm posted with the clique I'm 'bout to flex
I ain't even want to hit, I told that bitch to give me neck
Told my momma that we made it, we need choppers and the TEC's
Told my bitch to bring it home and shawty pour me up the Tech
Pet her pretty little pussy, little kitty out of breath
I know they won't catch me slippin' when they aimin' for the vest
Yeah I'm all about the money, yeah I'm all about a check
If they want to come and try us then we bustin' off their heads

Got one hand on the wheel, one hand on my bitch damn
I don't even know if I'ma make it
Got the.30-.30 clip on her clit, kill a pussy nigga, drip, drip
Baby tell me how I'm tastin'
Got one hand on the wheel, one hand on my bitch damn
I don't even know if I'ma make it
Got the.30-.30 clip on her clit, kill a pussy nigga, drip, drip
Baby tell me how I'm tastin'

Roll up, pour up
Doja, piff
Police, show up
Don't know, shit
Might drop, a four up, I might pour up a six
My dog Mikey high as shit, these bitches like us 'cause we lit
Gold up, glo'ed up
Know we had to get it
Couldn't wait up, now you hatin', tryna catch them niggas slippin
But you might get hit with that new AK or that throw back semi
Use to think my thoughts we're jaded now I'm livin' every vision

Got one hand on the wheel, one hand on my bitch damn
I don't even know if I'ma make it
Got the.30-.30 clip on her clit, kill a pussy nigga, drip, drip
Baby tell me how I'm tastin'
