Nujabes

Chester Watson

I be on my own and I'm a chemist, Mind your business
Gold Crown, Gold Chain, Gold Spirit, Don't Touch That
On Another Plane, Another Mission
In the field, and niggas think we entertainers cause we Chillin til we bust back
Watch Life unfold, Watch it Unpack
Stories from the Unknown
In Another Dimension Formally Untold
So who can I go to for console
Feel the depths of the Oceans running through one's soul
Deep Sea Shrooms
Thinking really puts me in a groove
Feel like MJ might bust a move
Young Black Sensei live from the tombs
Sea creatures that I hoped wouldn't loom
Kōjin, Ikushi, Hanzaki, I vroom
Bro you can't beat and can't stop me, I bloom
I'm tryna meet Miyazaki for tea and Hibachi
Phone home to the posse, that's Nü
And you know I'm always rockin ILU
I hit up V said I got some tunes
Told him I need that new cargo vest soon
I make the music from Mars and the Moon
Born in the Lou
OFF-White my shoes
Just tryna find myself while making moves
Bumping Nujabes and watching Champloo
Seaweed with Empress of Atlantis
So Otherworldly Don't know where I landed
Cause last time I checked I dozed off in Japan
Astral Projection to another planet
The Montone Samurai, swift and I vanish
Son of duality, one with expansion
And I cannot vibe til my mom got a mansion
So I'm catching flights cause the money demand it
Made the beat, treat it like canvas
I'm on my Dali, My Basquiat
Little Picasso with words they just don't understand it yet
Maybe they will when I'm planted, guess
Tell em bury me with trees in my pockets
And allocate all of my cheese to my mama or mami they know what do
I'm tryna meet Miyazaki for tea and Hibachi
Phone home to the posse, that's Nü
And you know I'm always rockin ILU
I hit up V said I got some tunes
Told him I need that new cargo vest soon
I make the music from Mars and the Moon
Born in the Lou
OFF-White my shoes
Just tryna find myself while making moves
Bumping Nujabes and watching Champloo
