

# Pharaoh

**Chester Watson**

All black, pharaoh shit, golden scarab shit  
Feel the vibrations so deep that my bone marrow twitch  
Can tell he awesome by the hair he with  
Or his scary with, turn oxygen to water  
But just log it into narratives, populace is docile  
Soldiers fall into the barren field of logic like  
"Just wait for the fog and hope the air will clear" Dumbest shit I'll ever hear  
Dumb it down so I don't come off a verbal grenadier  
Locked inside the mental sphere, so see the end is near  
[?] No?  
So don't ask me for forgiveness  
Moved in with my niggas, turned my khakis in for swimmers, boy
