Chester Watson

Haha, damn  
Ayo Caleb you're crazy bro

Yo, last night was wild as fuck  
Every car we was in we ran the mileage up  
I woke up to a nice J  
Mom wasn't in her room so I checked the driveway, cars gone  
My little sis in her bed hella slumped  
Then I went and grabbed some headphones so that I could bump  
While I'm burning, called the homies up for a skate sesh  
Said they were already out and I'm a late mess  
I got dressed, then I dipped to the corner  
Bought a new box of condoms and a kiwi Arizona  
Hella stoned, took a detour, back to the homefront  
Left and rolled up to a steezy ass noseblunt  
Executed by Dolomite, niggas wanting free merch  
They complaining they dollars tight  
I don't really care, just make sure that the dollars right  
Think you gon [?] Nu Age yeah  
We could probably pipe and call it a night  
Nevermind cause dudes see [?] probably wife  
But she smelling like dookie and [?] white  
I'm dreaming that I'm living up that Scottish life  
In all plaid, bachelor pad, that's without a price  
Cause I don't check it my niggas is getting reckless  
Don't test, step up correct, we wreck it and we perfect shit  
LACM pretty whores I'm a fetch kid  
I'm undressed chilling right next to the next bitch  
Got a rep fricking pressing trees cause I'm electric  
Roaming out in public people peeping up my necklace  
Niggas nowadays don't really know what fresh is  
Really had to show DJ Khaled who the best is
