My Foolish Heart

Chet Baker

The night is like a lovely tune Beware my foolish heart How white the ever constant moon Take care my foolish heart

There's a line between love and fascination That's hard to see, how many names such as this For they both have the very same sensation When you're locked in the magic of a kiss

Her lips are much too close to mine Beware my foolish heart But should our eager lips combine Then let the fire start

For this time it isn't fascination Or a dream that will fade and fall apart It's love, this time it's love My foolish heart
