

Dapper Dan

Chevy Woods

Seen what I wanted so bad and I had to get it
I ain't wanna hit the kitchen, I had to pitch in
I was ballin' with the rock while you was playin' with it
Though never take me out my lane 'cause I'm stayin' in it
They don't wanna see me shine but I had to get it
In that new thing, drivin' real fast up in it
No talk, I'm here to handle business (I just wanna talk some more shit)
No talk, I'm here to handle business

Nigga, Trump don't like us, it's clear to us
And Kaepernick can't get a job, it's weird to us
Hoodie on, you just a thug, that's how they view us
And see in their show what they want, just for the viewers
Look, I been playin' Jay every day, can't knock the hustle
That was just a punch in your face, ain't tryna tussle
Tetris, I'm too used to them blocks, boy I be thuggin'
You fightin' but you Adrien Broner, can't win for nothin'

Seen what I wanted so bad and I had to get it
I ain't wanna hit the kitchen, I had to pitch in
I was ballin' with the rock while you was playin' with it
Though never take me out my lane 'cause I'm stayin' in it
They don't wanna see me shine but I had to get it
In that new thing, drivin' real fast up in it
No talk, I'm here to handle business
No talk, I'm here to handle business

Look, somebody shoulda told McGregor it's not a chance
I mean, congrats on the cash but Mayweather whipped his ass
All this designer shoe wearin', you niggas be lookin' trash
I mean, them chicks got you tryna impress [?]
We seen LeBron say he's cool with Isaiah, no more Kyrie
And Lonzo Ball said Nas ain't hip-hop, he shouldn't speak
These silly niggas always talkin' like they Mike in the clutch
If anybody got a problem we can sit down for lunch

Seen what I wanted so bad and I had to get it
I ain't wanna hit the kitchen, I had to pitch in
I was ballin' with the rock while you was playin' with it
Though never take me out my lane 'cause I'm stayin' in it
They don't wanna see me shine but I had to get it
In that new thing, drivin' real fast up in it
No talk, I'm here to handle business
No talk, I'm here to handle business
