Her ass is real, so it look better than most
Came in the studio, brand-new chain on
You do your thing the way you got your name from
You a throat baby, like to smoke and drink
Brand-new charm, it's from GLD
Let you roll my weed, on the low, don't speak
These Diors unreleased, been at work all week

Ever since she wanna go demon

Late nights plottin' and schemin'
I'ma take her shoppin' at Neiman
Then she gon' drink my semen
Tell her, "Can't tie me down
Girl, you know this dick in demon"
She wanna go to Venetian
I told her, "Hold on, little mama, you reachin'"
I'm with my Taylor, we smokin' and chiefin'
She goin' demon, her man, he a deacon
She wanna rage on the weekend
She wanna get out the house
She wanna go outside
Tired of bein' tied
She know I'ma slide
She on demon, ooh, yeah
