Claimin you getting money but ain't got no damn grind
I've been on since '93, a nigga ain't fallin off

My niggas real, not like you
Old school with the white walls
And since every day is a pay day
We ain't takin no days off
I've been giving shows,
Been getting hoes
Been ridin Rollies,
Kickin in yo do's
Flyin out to Vegas
Buyin out the tables
Climbin up the billboard
Shittin on you haters
And I'm still blowin grade A
You should've stayed in school
I got white, fold money and I blew it

(Hook)
