

## Ducc Sauce

Chevy Woods

Dope slowed up, had to find a better way  
Na, we can't kick it, nigga, messy yay  
First of all, like the letter A  
Tryna outnumber and outlast the block, that's just how we play  
It's take a chance on community chance  
You say you gang, but what would you do for the set?  
Told mama pray for me, and she told me god bless  
Told her good lookin, mama, I got the rest

Task force all in our business, they tryna roll up  
Blood callin on line 1, askin what's the hold up?  
He was posed to tell on my nigga, but he ain't show up  
No whitesses, no case, so we goin go up  
Shit felt like the championship, with Champagne  
Seen a lot of shit in my life, I can't say  
Heard he told it all on his man, a damb shame  
All black everything, nigga, I'm Brooce Wayne

Nights in Dubai, nigga, nice try  
Night meetings over dinner, in the night sky  
Never pay for it, but she a nice prise  
Know what a key look like, if it's not the right size  
Coacaine dreamin, Sunday willy beemin  
Make them sucker niggas mad, when I pull up in the Meulous  
Head so good, with the top she a genius  
Niggas still washin clothes, we at the cleaners

Task force all in our business, they tryna roll up  
Blood callin on line 1, askin what's the hold up?  
He was posed to tell on my nigga, but he ain't show up  
No whitesses, no case, so we goin go up  
Shit felt like the championship, with Champagne  
Seen a lot of shit in my life, I can't say  
Heard he told it all on his man, a damb shame  
All black everything, nigga, I'm Brooce Wayne

Brooce, I be gone like poof  
High niggas, with some high roofs  
They be watchin for clues, young and broke all the rules  
Watch my chickens, put some swishes on my ride too  
I'm hella blessed, when she see me, say "ah chew"  
Anything you on, I won't let you see a round 2  
Chevy brought a pound, I brought a pound  
But it's all diamonds on my crown  
Built this shit from ground up, yeah

Task force all in our business, they tryna roll up  
Blood callin on line 1, askin what's the hold up?  
He was posed to tell on my nigga, but he ain't show up  
No whitesses, no case, so we goin go up  
Shit felt like the championship, with Champagne
