

# Flowers

Chevy Woods

Streets don't love you  
Give me my flowers now  
(I am feeling it)  
Woah yeah  
If you love me  
Give me my flowers now  
Don't wait for love pass  
If you love me  
Give me my flowers now  
Yeah

Uh  
Wake up and say a prayer for my mother  
And say another for my brothers  
I hope that they're good  
I hope they stay good  
Yeah  
Uh, I love my nephew to death  
And I swear to a son man [?] the best  
I swear, shit Imma father figures  
Just like all my niggas

Woah, yeah  
If you love me  
Give me my flowers now  
Don't wait for love pass  
If you love me  
Give me my flowers now  
Yeah, yeah

Uh, I've seen the whole world stop on a [?]  
Now we see the impact that the man Nip had  
I never question that all the knowledge we gain is power  
And what happened to Jif I swear that made me sour  
We all are kings we just got different crowns  
Black man, black man, this is scary grounds  
I you never know when it's a hour  
So please if you love me, give me my flowers

Woah, yeah  
If you love me  
Give me my flowers now  
Don't wait for love pass  
If you love me  
Give me my flowers now  
Yeah, yeah

Uh, all the conversations we had, I cherish that  
I just wish I had more songs with Nip and Matt  
Uh, I swear this music sounds different now  
I swear we just need the homies round'  
They gave us gifts like a Christmas tree  
Look I can still feel the energy  
That's on the cousins like they kin to me  
And to the good lord send for me

Woah, yeah

If you love me  
Give me my flowers now  
Don't wait for love pass  
If you love me  
Give me my flowers now  
Yeah, yeah
