Feel like we in church  
It's exactly what you need uh  
You been through the worst  
Just know I break enough to get it that's a blessing  
If you fail you try again and that's the message  
When you too busy for em not you acting funny  
Friends turning enemies over money  
Doing anything just to keep it funny  
But I work hard to make it out so now who's lucky

Cause time's ticking on as the world spins yeah  
And just to come up you gotta stay down yeah  
Cause opportunities never wait around
