

# Workin My Wrist

Chevy Woods

I just finished cheffin' up a baseball  
Had it jumping motherfuck a day job  
Balling like LeBron in the playoffs  
Gotta keep it pushing till it pay off

You ain't never heard shit like this  
All these dealings got the task force pissed  
One time my momma caught me by the stove  
She said boy what you doing in the kitchen  
Had to tell her I was workin' my workin' my workin' my wrist  
Workin' my workin' my workin' my wrist  
Workin' my workin' my workin' my wrist  
Workin' my workin' my workin' my wrist

I just finished cheffin' up a baseball  
Had it jumping motherfuck a day job  
Balling like LeBron in the playoffs  
Gotta keep it pushing till it pay off  
Niggas had a party at the condo  
She topped me in the morning like Alonzo  
Gotta keep a duckie in the car  
Tryna search it but there's nothing in the car  
I was tryna break my wrist in the kitchen  
Randy Johnson so you know this how I'm pitching  
Tried to tell 'em fuck with me but they ain't listen  
I could show you how to double up a chicken

You ain't never heard shit like this  
All these dealings got the task force pissed  
One time my momma caught me by the stove  
She said boy what you doing in the kitchen  
Had to tell her I was workin' my workin' my workin' my wrist  
Workin' my workin' my workin' my wrist  
Workin' my workin' my workin' my wrist  
Workin' my workin' my workin' my wrist

Got a table full of money I just feed my face  
Yea the feds had my man but he beat that case  
Anna Mae, Anna Mae she gon' eat that cake  
I'm just out for the chips like Frito Lay  
Heard your phone tapped nigga don't call my phone  
Used to run to them cars like all day long  
Tried to get you right need the low price on the yay  
Gotta go and see the plug man and he can't wait  
Bet you boys wanna know just what's in my safe  
I'm a keep on hustling to get that Wraith  
Y'all met and it was cracking can I make my play  
You ain't gotta let a nigga I'm a make my way

You ain't never heard shit like this  
All these dealings got the task force pissed  
One time my momma caught me by the stove  
She said boy what you doing in the kitchen  
Had to tell her I was workin' my workin' my workin' my wrist  
Workin' my workin' my workin' my wrist  
Workin' my workin' my workin' my wrist
