

# Fallin' Twice

Chevy

You've been driving me crazy  
Ever since the first day I met your eyes, mm  
And so I thought all these feelings would settle down  
When I got the time

But in the way you walk  
In the way you smile  
I'm falling in love with you again

You're the one that I want  
I'm giving all of my heart 'cause I like it  
This feeling that you give me  
Butterflies all the time  
And getting lost in your eyes  
I'm guilty of falling for you twice  
Falling for you twice, oh-woah-yeah

Your love is oh, so sweet  
We talk in harmony and I feel so complete  
Every day is heaven-sent  
And I don't want these moments to end  
When I'm with you, my days feel so brand new

You're the one that I want  
I'm giving all of my heart 'cause I like it  
This feeling that you give me  
Butterflies all the time  
And getting lost in your eyes  
I'm guilty of falling in love with-

The way you walk  
In the way you smile  
I swear I do  
And I need your love  
Baby, you're enough  
I swear, I'll fall for you again

You're the one that I want  
I'm giving all of my heart 'cause I like it  
This feeling that you give me  
Butterflies all the time  
And getting lost in your eyes  
I'm guilty of falling in love with-

The way you walk  
In the way you smile  
I swear I do  
And I need your love  
Baby, you're enough  
I swear, I'm falling for you twice
