

## I Know A Place

Chevy

I know a place  
That's sound and safe  
For us now  
No need to hide  
Or say goodbyes  
Leave them out  
We'll run away  
It'll be okay

Hmm  
(Bum bah dum dum)

We can chase waterfalls and  
Talk 'til all my hair dries  
Just lie on the sand  
Each hand in hand  
In paradise  
'Cause we don't got long  
'Til we say so long

Hmm  
(Dum dah dum dum dah duh duh dum dah)

We can live in this lovely dream  
It'll be my reality  
(Hmm)

I know a place  
That has no trace  
Of us now  
It's just a thought  
So don't tell me it's wrong
