Never let me go
Love me till the end
You can save my soul
I will run to you

Never let me go
Love me till the end
You can save my soul
I will run to you

Never let me go
Love me till the end
You can save my soul
I will run to you

Never let me go
Love me till the end
You can save my soul
I will run to you

Never let me go
Love me till the end
You can save my soul
I will run to you

Never let me go
Love me till the end
You can save my soul
I will run to you

Never let me go
Love me till the end
You can save my soul
