

Don't Ask Me Why

Chiara Civello

for now i try,
but everything i know doesn't apply
so i
all i do is cry
oh cry

you know, that day
i gathered all the things you didn't say
and found
that all you did was lie
oh lie

don't ask me why
oh why
you're still the one that makes my teardrops dry
don'taskmewhy
oh why
so easily
you kill me and you comfort me

so today
i framed a photograph of you
facing away
