

# Angel

Chiara

Far away  
in a lost world  
I hear you voice  
calling for heaven

That's the way  
Callin' memories  
You must believe  
Never come true

I'll be your Angel  
In you darkest night  
I'll be your destiny  
Waiting by your side  
I'll be the sunshine  
When you're feeling blue

I'm always here for you

From today  
Part of fire  
When all your faith  
seems to be missing

Though your way  
and you'll find it  
A man of hope  
A land of dreams

I'll be your Angel  
In you darkest night  
I'll be your destiny  
Waiting by your side  
I'll be the sunshine  
When you're feeling blue

I'm always here for you

MMM when you loose it up!  
Nothing seems right  
Just keep holding on  
Too Meeee

I'll be your Angel  
In you darkest night  
I'll be your destiny  
Waiting by your side  
I'll be the sunshine  
When you're feeling blue

I'm always here for you.
