

I'll Be There

Chic

Into the Disco Scene ha

I'll be there
I'll be there

Life began for me
When a single DJ dropped the needle on my vinyl
(Everybody Dance)
I look out to see
People on the dancefloor, living proof of our revival

Every night was a blast
We were flying fast, flying free, we were driven
No I don't (want to live in the past
But it is a nice place to visit)
And if you come along
I'll be there

If you come along
I'll be there
And if you come along
I'll be there
And if you come along
I'll be there
If you come along

Equal days and nights
All around the world
There was an explosion (the clock keeps turning)
I was more alive (it's getting late)
Cause we worship music and it symbolised emotion

Smash after smash after smash
I appreciate all the gifts I was given
Now I don't want to live in the past
But it's a nice place to visit
So if you come along
I'll be there

If you come along
I'll be there
And if you come along
I'll be there
And if you come along
I'll be there
If you come along

I'll be there
I'll be there
And if you come along
I'll be there

If you come along
I'll be there
And if you come along
I'll be there
No place like home

I'll be there
So if you come along
I'll be there
I'll be there
I'll be there
I'll be there

Lets get through it, we almost did it
