Jusagroove

Life going nowhere

Lost, you don't care

Got no job, no money

No love and got no honey

Bills are growing through the roof

Tell you what you gotta do

Max to the max, it's jusagroove

Jusagroove, baby

Jusagroove

Jusagroove

Jusagroove

Look before you leap

Think before you speak

Loose lips sink ships

Head trips could make you slip

So be cool, don't be a fool

Tell you what you gotta do

Max to the max, it's jusagroove

Jusagroove, baby

Jusagroove

Jusagroove

Jusagroove

Just shoot your best shot

It might hit the spot

But don't lose your cool

Because life should be, jusagroove

Life going nowhere

Lost, you don't care

Got no job, no money

No love and got no honey

Bills are growing through the roof

Tell you what you gotta do

Max to the max, it's jusagroove

Jusagroove, baby
