

## Closer To You

Chicago

Have you seen the ladies passing by?  
They don't seem to notice  
That I'm lonesome and I cry  
But soon they'll listen  
I can tell you, tell you why  
I'm gonna make this record  
Gonna go sky high

I just wanna be closer to you-ooh-ooh  
I just wanna see if you can be moved, baby, oh  
I don't wanna be a fool for you, no

I'm goin' to the city  
All the hustlers in the street  
And can't you imagine  
Just where my head might be  
Bright lights are shinning  
I can see in front of me at night  
Clockwork deception  
Won't save us, set us free

I just wanna be closer to you-ooh-ooh  
I don't wanna be a fool for you  
I just wanna see if you can be moved

I just wanna be closer to you  
I'm not supposed to be alone  
You know I'm not supposed to be alone  
Oh no, oh no

We're coming to this country  
Gonna play for all our friends  
Yeah, we got positive action  
Got energy to last  
So go down 'cause we're cookin'  
Let the rhythm get you high  
And bring all the ladies  
Tell them why, why, why

I just wanna be closer to you-ooh-ooh  
I don't wanna be a fool for you  
I just wanna see if you can be moved  
Closer to you
