## What You're Missing

All we wanted was each other Nothin' more You were looking for an answer You were out the door

I didn't know what you were after I knew you had to take a chance, girl Did you forget about the laughter? Say oh, oh no

Ooh, what you're missing Could have been yours from the start You won't listen when it's coming from the heart Now you're missing me You'll find that out when we're apart

Had some crazy conversations You know they seemed so right Remember how it used to Keep us up all night?

I didn't know what you were after Maybe there never was an answer Did you forget about the laughter? Say oh, oh no

Ooh, what you're missing Could have been yours from the start You won't listen when it's coming from the heart Now you're missing me You'll find that out when we're apart

I didn't know what you were after Say no, oh no

Ooh, what you're missing Could have been yours from the start You won't listen when it's coming from the heart Now you're missing me You'll find that out when we're apart

Could have been yours from the start Could have been yours from the start When it's coming from the heart Could have been yours from the start When it's coming from the heart
