

I see you dancing in the morning
I feel much better now that you are here
You are the wind that moves the ocean
The sand beneath my feet that keeps you near

Bella Bella Bella
Bella Bella Bella

I see you smile at the horizon
I can only guess how good you feel
Now the sun is almost rising
You're the only one I know who's real

Bella Bella Bella
Bella Bella Bella

Bella you know I'll always love you
You mean the world to me
Bella you keep the fire alive
You keep the fire alive in me

Bella Bella Bella
Bella Bella Bella

Bella Bella Bella
Bella Bella Bella

Bella Bella Bella
Bella Bella Bella

Bella Bella Bella
Bella Bella Bella

Bella Bella Bella
Bella Bella Bella
