

Do you feel that?
Drippin' wet, love to play with your body
Slip and slide, water fallin'
Ridin' high within your hair
I'm gonna get it everywhere
Die a little bit in my arms
Don't care what the limits are

I wanna fly with you
Wanna fly
I wanna fly with you
Wanna fly

I like it like that
Open up, fill you up so good now
On the ground, turn you around
Do it again, do it to me
Give it to you 'til you're ready to
Bring on down, down, down, down, down

I wanna fly with you
Wanna fly
I wanna fly with you
Wanna fly

Wanna fly
Wanna fly

I wanna fly with you
Wanna fly
I wanna fly with you (With you)
Wanna fly
I wanna fly with you
Wanna fly
I wanna fly with you
Wanna fly
