

## It's A Balloon

Chicano Batman

It's a balloon far away that I can see far away  
Like the balloon flying away that is usually seen  
And it has an odd shape in the distance  
That doesn't diminish it stays in my sight  
And doesn't finish

Then a slight swirl  
Takes over my mind  
My irises return  
After being miles away!

Then I find that there's no balloon  
Like the balloon usually seen  
But some type of insect  
Like the insect  
Usually hanging right in front of me

And I walk towards it and I take another step  
Now I find myself right below, right below, it...  
Now here I am!  
Below the spider  
Hanging from its thread  
Hanging from the tree

No it's not a balloon far away that I can see far away  
No it's not a balloon far away  
No it's not a balloon far away  
No it's not a balloon
