

Polymetronomic Harmony

Chicano Batman

Everything is fading fast
Like a polymetronomic harmony
I hope this pain doesn't last
Like a polymetronomic harmony
Everything is so beautiful
Like a polymetronomic harmony
I hope one day my stomach is full
With a polymetronomic harmony

The sky is so blue
And I'm stuck in this cave
I need to get away
I can no longer be your slave

Everything is fading fast
Like a polymetronomic harmony
I hope this pain doesn't last
Like a polymetronomic harmony
Everything is so beautiful
Like a polymetronomic harmony
I hope one day my stomach is full
With a polymetronomic harmony

Everything is fading fast
Like a polymetronomic harmony
I hope this pain doesn't last
Like a polymetronomic harmony
Everything is so beautiful
Like a polymetronomic harmony
I hope one day my stomach is full
With a polymetronomic harmony
