

Sometime Ago

Chick Corea

Sometime ago
I had a dream
It was happy it was lasting it was free
And now in life
Oh can't you see
How we can make that dream into reality
And all the music
it was playing
and all the firelight
it was dancing
And all the children
they were singing
And all the people
they were loving
Sometime ago
I had a dream
It was happy it was lasting it was free
And now in life
Oh can't you see
How we can make that dream into reality
And all the morning sun
it was soft and cool
All the evening breeze
it was warm and gold
All together life had started to unfold
sometime ago
