

## What Game Shall We Play Today

Chick Corea

Look around you my people  
If you look then you will see  
How to love  
Life is paradise  
All together  
What game shall we play today  
Man just wants to be happy  
Cast off things that shouldn't be  
Set him free  
Life is paradise  
All together  
What game shall we play today  
There's a way you can find it  
It's within you, can't you see  
Find the truth - it's not impossible  
All together  
What game shall we play today  
Here we are all together  
Free to have and do and be  
What we see - for the first time  
All together  
What game shall we play today
