

## Monday After Sunday

Chicory Tip

(Sunday) I watch the sunrise through the dawn  
(Monday) When I hear our favourite song  
It's just a mystery to me  
The melody I hear is getting me baby

Today, tomorrow, any day I'll be there waiting  
Monday after Sunday I'll wait forever  
To be together forever and ever

The days just seem to never end  
To see your face we can't pretend  
I've got to keep my fingers crossed  
Something deep inside is driving me crazy

Today, tomorrow, any day I'll be there waiting  
Monday after Sunday I'll wait forever  
To be together forever and ever

It's just a mystery to me  
The melody I hear is getting me, baby

Today, tomorrow, any day I'll be there waiting  
Monday after Sunday I'll wait forever  
To be together forever and ever

I watch the sunrise through the dawn  
When I hear our favourite song
