

Dancing With The DJ (Remix)

Chiddy Bang

We don't care
We don't care
We don't care if the sun comes up
We don't care if the sun comes up
We don't care if the sun comes up
Cause you know we'll be dancing with the DJ
We don't care if the sun comes up
Cause you know we'll be dancing with the DJ
Come tonight, I'm gonna find your love
And we can have a party just the two of us yeah

Yeah, praise this beat
To the almighty Xaphoon Jones, The Knocks, Chiddy

She came to dance insane, too low
To a level I never ever seen before
Start this, small kiss, that's lean the walk
To the fact that I turn it like Tina though
And I seen the glow in your eyes
Give me them wings, give me them thighs
High in the penthouse we can just rise
Told her I'm a star and I'm up in these skies
Enough of these guys, talking how they really gonna do
it
Try and get the Benz, try and get the Buick
So come in girl, know where you gotta be
And I'm one in a million, no lottery
I got game, that's EA proof
And she told me to come over by the DJ booth
I'm in the DJ booth, I rock PJ's loose
I want the Absolut power and I don't need Grey Goose
I got it

We don't care if the sun comes up
We don't care if the sun comes up
We don't care if the sun comes up
Cause you know we'll be dancing with the DJ
We don't care if the sun comes up
Cause you know we'll be dancing with the DJ
Come tonight, I'm gonna find your love
And we can have a party just the two of us yeah

So try to dance to this, and find 'mance to this
And later on when you try and find cannabis
Like I'm on but I'm pressured no tanning chicks
And they always want gifts on some Santa shit
Seen one of those that night, she in the back right
She had the leggings that killed it up in the black
tights
And I'm never slipping, even on black ice
I'm in the front so they always tryin to back bite
But anyway, back to you
And I think you got a good sense of fashion too
Your man cool but you need a little passion too
Made of Mountain or not, bitch pass the Dew
I'm just trying to catch breeze like I'm passing
through

Sip a couple sangrias if I have to
Girl we gotta get going so she say poof
Then she started goin over to the DJ booth so thats why

We don't care if the sun comes up
We don't care if the sun comes up
We don't care if the sun comes up
Cause you know we'll be dancing with the DJ
We don't care if the sun comes up
Cause you know we'll be dancing with the DJ
Come tonight, I'm gonna find your love
And we can have a party just the two of us yeah

We can just keep going
We can just keep goin
We gonna be here all night, I swear
Still make it in time for breakfast
