Where the hell have you been?  
Down in MIA, I'm prolly tickin' with the twins  
Got some maxed friends and I still won't make amends  
They wanna receive, but I never seen them send  
It's one-sided, ask how I feel, I'm done bias  
You sure have some fun trying  
My new shit, a young riot  
All the real ones I confide in, some in public, some private  
Ain't take off yet, that's some pilot

Did a favor for ya  
Now you're talking how, I sure have some paper for you  
Man, it's funny how they wanna depreciate a player  
I made myself in this game, I'm a created player  
I can't even do no favors, lend a helping hand  
Man, this new era of Chiddy, I'm a selfish man  
'Cause when you help 'em, they forget, so I can't help again  
Even if your shit was hot, still, you never felt a fan, damn

Man, niggas delusional  
Got some imagination in mind, now they're suitable  
Working 9-5s in a box like a cubicle  
And tell me what the hell comes up when they Google you?  
Just a bunch of bitchin' 'bout some niggas you used to know  
They stuck in your past, I'm on Pluto, that future flow  
Working every day 'cause the moment is crucial though  
Imma play this game every day like the Superbowl

How quick do they forget?  
How quick do they forget?  
How quick do they forget?  
How quick do they forget?  
I won't break a sweat, Imma chase a cheque  
How quick do they forget?  
How quick do they forget?

How quick do they forget?  
How quick do they forget?  
How quick do they forget?  
How quick do they forget?  
I won't break a sweat, Imma chase a cheque
