

Already

Chief Keef

This bitch give me top, already
I'm bout to spend this guap
I'm bout to send some shots
I think I seen a opp
I think I seen the cops
Played that shit already
Smoke straight for breakfast
Flexin' get justice
Cops tryna Breathalyze
But they know I'm high

Already fed too much food in my Bentley
It's already got one, I seen it, I get it
She already askin' me one hundred and one questions
She already gave me top, I'm gone, no second guessin'
They already gave me guap, I ain't goin' back flatline
They already gave me love, I ain't goin' for less now
I already sprayed my Glock, I ain't gettin finessed man
I already played these cops, they ain't finding my weapons
Already, already, they call ready, already
She gon' give me top, guess what, my balls ready
Already, and I got a ball so yes I'm ball ready
Already, I'm ball til I fall, I guess I'm fall ready
Already
