

Baby Whats Wrong With You

Chief Keef

Every time I get it off
Every time I get it off
She like I like my weed at home

Sosa when you'll meet my folks?
I don't know, just wait it off
Sosa when you need my phones?

Sosa when you need my phones?
Green fly like peter do
She like I left my weed at home, oh can you get me stoned?
Baby that is not a excuse
So what you wanna do?
You ain't gotta roll one, baby You can roll a few
But I ain't gone smoke with yo
Stay askin me Wat I'm on with chu
Baby what's wrong with you?

Baby said she on me like glue
My thirty stay on me to
And I shot a movie too
Lambo a post on the block
Fuckin on one of my opps
Let the bitch try to set me up
Should gone be stuck between a rock and a motherfucker glock
My bitch bad, she terrible
Beat a bitch like keta do
Foreign all my vehicles
And I gotta thank Jesus too
Yea, well none of it is easy too
Remember all of that, you need me too
Remember all of that, you need me too
Oh now they need me too

Sosa when you need my phones?
Girl fly like pretty to go
She like I love my weed, oh can you get me stoned?
Baby that is not a scripture
So what you wanna know?
Yea I go about you, I'm a feel it
But I'm a smoke the truth
Stay, I set me while I'm on the truth
Baby what's wrong with you?
